You were a hit last night and everyone talked about how great it was all morning. We will definitely spread the word and look forward to using you again soon.

Robert Marick, VP & General Manager, Disney Consumer Products-Toys

I had the good fortune to hire Members Lonely for two separate events that I have held in the past. I plan to hire them in the future when I need an upbeat, fun and talented band for one of my events.

My attendees danced until they dropped! They sang with the band. They interacted with the band members. We literally had people dancing on tables (now, I don't know if that is a good thing or a bad thing, but the people loved Members Lonely!).

I will definitely hire Members Lonely in the future. I highly recommend them.

Thanks you guys. We are getting a lot of feedback, and the consensus is that you were a hit! The Auction was a success, we raised over \$30,000. Thank you again. Karen

I didn't get to tell you how great you guys were at JC's party 8/18. The feedback has been tremendous and I have had a few people ask me for your flyers and info in events that they are organizing (one is a Disney employee). Kudos to all of the band for making the party such a great success! Thanks again! Tricia
