For A Good Time, Call...Members Lonely!

No, the band can't be reached at 867-5309 and Jenny isn't home. But if you call Members Lonely for your next event you will definitely connect with 80's danceable FUN! Just ask the girls who stood on the bar singing "M-M-M-My Sharona" at the top of their lungs, or those who danced so hard to "Whip It" that they didn't crawl out of bed until Noon the next day!

Members Lonely prides themselves on delivering non-stop 80's new wave and power pop dance hits to keep the audience dancing and singing all night long.

The four performers dress in retro eighties style with plenty of onstage energy and fun. Just pick up the phone and call - you won't be disappointed. But please don't ask for Jenny, she moved away and changed her number in 1982.

About The Band

Members Lonely is an 80's band that performs across the Southern California region. The show is perfect for an 80's party, corporate event, or if you simply need a blast from the eighties past!

The band pays tribute to the era when MTV actually played music videos, Reaganomics ruled Wall Street, and material girls with big hair ruled the dance floor.

Put on your Members Only jacket and dance the night away with Members Lonely, a Southern California Eighties tribute band covering the most fun music of the 80's!
